1. Well, my favourite foods is vegetables and unhealthy food like kfc, pizza, chicken and e.t.c. I like apples, orange and some tomatoes and e.t.c from vegetables. I don't know why i like them but still their taste is good and yummy. I know that junk food is bad for our organism but still i can't stop eating them.

When we go to the city Atyrau with my mother, we go to kfc or McDonalds or dodo pizza. Sometimes chickens or pizzas gone too spicy so we couldn't eat them. I guess it's easy to prepare these junk foods. Like you need to wait about 40 minutes and they're done. For example for a pizza you need cheese, tomato or anything you like or want and done. And you just need to put it into the oven and wait. Who-a-la your pizza is done.

I guess many people as me like junk foods. Even tho don't eat junk foods it's bad for your organism, it's unhealthy.

The vegetables are better than those unhealthy food.
